

The Hanen Program

It Takes Two to Talk

Impact Speech Pathology offers the Hanen 'It Takes Two to Talk' program. It is designed for parents of young children aged from 12 months to 4 years of age, who have been identified as having a language delay.

HELP CHILDREN
COMMUNICATE

What is the Hanen program?

The Hanen It Takes Two to Talk program focuses on increasing parent responsiveness so that they can engage their children in everyday activities and routines.

Parents are provided with fine-tuned language which allows for expressive and receptive language development.

It also focuses on helping parents learn to apply specific responsive interaction strategies that will support the child's achievement of their communication.
